

BERA E-Newsletter 16th September 2017

1. Beach Clean: TODAY!

Our beach clean is this Saturday 16th September 2017!!! We will be meeting at Thorpe Bay beach, opposite the tennis courts, from 11.30am. Look out for the banner that we will put up as well as the two of us in blue Sealife Adventure shirts. We provide all of the equipment needed during the clean and there will be a first aider present. There will be two members of staff who will be able to answer any of your questions (we love talking about the sea). However, we ask that you wear sensible footwear and have weather-appropriate clothing (e.g. bring a raincoat if it is cloudy or raining, and please have some sun lotion ready if it is even slightly sunny). I also recommend you bring a water bottle because helping the environment is thirsty work!

Please be aware that anybody under the age of 18 will need to have the permission of and be accompanied by an adult.

Any questions, please email displays@sealifeadventure.co.uk.

2. A message from a BERA member

I wondered if BERA members knew that the Fire Brigade will come and install a Free Smoke alarm and also do a check on appliances and wiring - the smoke alarm has 10 year battery. I had it done in May this year and was surprised so few people I know had heard of it.

It is Fire safety in the Home - Tel :- 0300 303 0088 and is ideal for people on their own . I was given the name of the officer who would call at an appointed time, and he then rang me to confirm the appointment.
