

Dear Members

Following our earlier email on the subject, it appears that others have similar concerns and have started an e-petition to Government (see link below). We want to save our A&E, not have it downgraded to an A only. Also there is another campaign organised by Dr Norman Traub a retired consultant.

Please get friends, family and anyone who may be interested to sign the petition below.

Subject: We ask the Government to reconsider proposed move of Southend A&E to Basildon. - Petitions

Christmas decorations in The Broadway

It is only a month until Christmas and thanks to all our members, BERA are again able to arrange and pay for Christmas decorations to be put up in The Broadway early next week. There will be silhouettes on the lamp posts and decorations in the tree.
